.....

Only one option in each row is right. The wrong ones are the answers children most often give — they are here on purpose, because spotting why a wrong answer looks right is most of the lesson.

Answers, and the fix for each

Every answer here is checked against its source data before this sheet is printed.

QUESTION	ANSWER	THE FIX
SPaG traps that catch children out · Ages 9-11 · Upper KS2		
The dog wagged ___ tail.	its	Try it is. Doesn't fit → its
___ going to be late.	You're	Try you are. It fits → You're
I would ___ told you.	have	Never of. would've = would have

Where these come from. These are real questions from The Revision Wizard — five subjects from KS1 to 11+. If your child found these useful, the app has rather a lot more of them, and it adapts to what they get wrong.
